EXPERIENCE

Production Merchandiser

VJ Sourcing Pvt Ltd 12/2022 - Present Tirupur,TN

- PLANNING AND PRODUCTION**
Once the order is confirmed and placed at the respective factory, we will follow the entire start-up of the fabric order to the final inspection in-between of Customers/Client and Suppliers thru mail communication.
- Follow up on the time and action plan (**TNA**) and ensure on-time shipment in full, Establish and maintain strong relationships with suppliers to ensure reliability and quality.
- To ensure raw materials availability & process flow as per commitment using Daily Production Report(**DPR**)& ensure the daily office task thru **TO DO** app.
- To ensure fabric and trims availability as per plan to achieve smooth flow of production and committed shipments from factories.
- Visiting factory** once in a week or twice to check the workflow and getting better and clear order production status, sometimes incase of production urgent or bottleneck situation immediately attend and solve the problems at factory itself. To ensure reduced production cost by increasing efficiency.
- To ensure smooth flow of all production processes like scheduling (loom plan, process input plan, and factory plan), follow-up inspections from the buying QC team, and dispatching by sharing correct information with all the supply chains.
- Interacting with all the supply chains with the factory such as fabric production, accessories purchase, CMT (Cutting, Making & Trimming) and following-up closely with a problem-solving approach along with the quality control team in order to ensure that the production is progressing as per schedule.
- Get regular status from the factory production team on the existing orders and to work closely together with the internal teams to make the shipment on time without any quality issues.
- SAMPLE APPROVALS**
Coordinate the development and approval of Quality of fabric/Leather, Dyeing, Printing/embossing, Trims, pre-production samples & box approval. Facilitate communication between the buyers and suppliers regarding sample modifications and helping trims order from respective portal.
- FINAL INSPECTION** Reinforce
company culture, values and reputation to ensure compliance with Company policies, Act as a communication bridge between the buying office and suppliers. Provide regular updates on production status, challenges, and resolutions once shipment is ready intimate to QC team for FI, After that they handover to logistic team.
- FILING/RECORDS**
Preparing, maintaining and filing necessary records and approvals from the customers with respect to the existing purchase orders and new developments. following order flow and strategy thru EXCEL on Google doc.
- DEVELOPMENT & R&D** To
follow the development samples and R&D samples, once samples are ready, we will get internal QC/management approval, which we will directly send to clients for reference for future orders, and we will ensure on-time delivery to them.
- Responsible for future Business Development by monitoring and following up on the new developments and to find out new customers for the future business developments samples and them sacrifice.
- Liaising with the factory & Quality control team upon receipt of the purchase orders to find out the various anticipated bottlenecks in the operations and to plan accordingly to overcome those identified obstacles in order to meet the committed dates to the customers.
- Conducting **weekly meetings** for setting up objectives and designing or streamlining processes to ensure smooth functioning of operations. Following up with all the supply chains within the organization to make the monthly targets achieved as well as to serve in balancing the Budgets.
- To ensure capacity utilization is aligned with forecast demand, **Following French and Dubai clients (Like MERCI, Marly, Ba&sh, Hugo, Lorial Paris, Cartamundi, Louise Misha, Eden Park, Berluti, The arts Club, Etam, Club, Etam, CAROL, Cosifibel Premium and Hotel Collections).**
